I'm a software engineer, web developer with 2 years of experience

## Skills

---

### Programming Languages:

Typescript, JavaScript, Java, C#, Python

### Technologies:

- Back-end: NestJS, Git, MongoDB, PostgreSQL, Jest, Mocha, npm, ExpressJS, FastAPI, Maven, .net, SQL
- Front-end: React, NextJS, HTML, CSS, Tailwind, Figma, Xamarin Forms

### Tools:

VSCode, Postman, Figma, Firebase, Vercel

## Experience

---

### Full Stack Developer - Grupo MR - August /September 2021

- Created a web app for managing the stock of a warehouse between 2 stores

Python | FastAPI | Linux | MongoDB | Javascript | Html & Css | UML

### Mobile Developer - Instituto Tecnológico de Sonora - Social Service - April / June 2022

- Designed and developed a mobile UI for a teacher's project about preventing the wear of an engine by reading its vibrations

C# | Xamarin Forms | MySQL | Git | Github | Scrum

### Backend Developer - Geekbears - April / September 2022

- Developed and tested APIs for a web APP, worked in a remote team environment utilizing clear and concise communication to ensure seamless fulfillment of project tasks.

Typescript | NestJS | Mocha | Jest | MongoDB | Git | GitLab | Docker | Postman

### Front End Developer - SMB Frames - Contributor - September 2022

- Implemented a blockchain based token gated system for an open source project

Javascript | ReactJS | HTML & CSS | Web3JS | Tailwind | Git & Github | Solana

### Twitter Bot Developer - Madville - Contributor - October 2022

- Designed and implemented a twitter bot that connects to the Solana blockchain and retrieves information every time a new token is created

Javascript | ExpressJS | Mocha | Twitter API | Git & Github | Web3JS | Solana

### Full Stack Developer - Madville - Contributor - March/April 2023

- Designed and implemented a web app token gated wallet lookup system, that allows users to retrieve information from the blockchain about a specific wallet given an address

Typescript | ReactJS | Web3JS | Solana | Git & Github | NextJS

## Education

---

Instituto Tecnológico de Sonora, Software Engineering

Platzi | JavaScript School | Web Development School |
